8th Grade Affirmation & Baptism Sunday

Questions:

1. Many meaningful words were shared during the testimonies: moments when God became more tangible and personal to them, the impact of various members of our community, and how their lives have slowly been transformed throughout time. What part of the service stood out to you?

2. 8th grade Affirmation is about understanding what following Jesus looks like. Which parts of what they learned or discussed were significant to you?

3. Baptism is an outward expression of how God has transformed someone's heart and life. What are some other ways we can display how our relationship with God impacts our lives?

4. Share some similarities between how you experience God and what you heard on Sunday.

5. Were there any unexpected emotions or moments that caught you off guard?

6. If you have been baptized, share about that experience.

7. If you have not been baptized, are there any specific reasons? Are you interested in being baptized after participating in this service?

8. Take some time to pray for those who were affirmed and baptized this Sunday as a group. Also pray for the impact it had on our church community.
